East Hants Sportsplex – Spectator Changes

The East Hants Sportsplex has been working to address the challenges associated with IPB and spectator limits, effective Monday Oct 12, 2020 we will be able to have up to 36 spectators attend practice and games. To accomplish this, we will need our users to follow the below changes:

- 1/ Only one parent can attend practices or games
- 2/ Spectators can now stand at the glass in designated spots
- 3/ There are designated spots along the glass that will require spectators to move away from the dressing room doors to an area on the back wall (these spots are clearly marked) when teams arrive for the next ice rental. These teams will be escorted into IPB by their team manager or player safety rep to the dressing room and once they are all inside the spectators can return to their spot along the glass.
- 4/ When the practice or game is over all spectators are required to leave the arena immediately following the exit arrows. (Exit for all players and spectators will now be through the side door into KMA arena and out to the main lobby)
- 4/ Players cannot leave the ice surface until all the spectators leave the arena.
- 5/ Parents are not allowed in the dressing rooms

Please understand, based on current Government regulations for physical distancing this is the only way we can allow spectators into IPB at the EHS. Failure to follow these new changes could result in losing our ability to have spectators in the arena going forward.
